<sup>1</sup> To meet state or other requirements, auditees may decide to include certain nonfederal awards (for example, state awards) in this schedule. If such nonfederal data are presented, they should be segregated and clearly designated as nonfederal. <sup>3</sup> When awards are received as a subrecipient, the identifying number assigned by the pass-through entity should be included in the schedule.

<sup>4</sup> Circular A-133 requires that the value of federal awards expended in the form of non-cash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year end be included in either the schedule or a note to the schedule.  Year originally reported?      2008

**3. Criteria or specific requirement**

The District does not maintain an internal control structure over external financial reporting.

**4. Condition**

The District maintains its accounting records on the cash basis of accounting. The District relies upon the auditor to convert the cash basis records to the accrual GAAP basis for external financial reporting, prepare the financial statements and related footnotes, and prepare the Schedule of Expenditures of Federal Awards.

**5. Context**<sup>12</sup>

During the course of our audit, it was necessary to make material adjustments to the District's accounting records, prepare the financial statements in accordance with Generally Accepted Accounting Principles, and prepare the Schedule of Expenditures of Federal Awards.

**6. Effect**

External financial statements would not have been presented in accordance with GAAP and management may not be able to detect material errors and omissions to its financial statements. The District does not maintain an internal control structure over the preparation of the Schedule of Expenditures of Federal Awards.

**7. Cause**

This finding was caused because the District has chosen not to maintain internal controls over the external financial reporting process. The District instead relies upon the auditor for expertise in external financial reporting.

**8. Recommendation**

We recommend that management evaluate its internal controls over financial reporting and consider whether to develop controls to prepare and report GAAP basis financial statements and the Schedule of Expenditures of Federal Awards.

**9. Management's response**<sup>13</sup>

See Corrective Action Plan.

<sup>11</sup> A suggested format for assigning reference numbers is to use the last two digits of the fiscal year being audited followed by a numeric sequence of findings. **3. Criteria or specific requirement**

A properly functioning internal control system must include segregation of duties of incompatible functions.

**4. Condition**

The District did not have adequate segregation of duties of incompatible functions, specifically in the accounts payable and payroll functions.

**5. Context**<sup>12</sup>

There is currently a lack of segregation of duties in the accounts payable and payroll functions related to the initiation, approval processing, and disbursement functions.

**6. Effect**

Unauthorized transactions could be processed or errors could occur that are not detected resulting in misstatements to the financial statements.

**7. Cause**

This finding was caused by a lack of segregation of duties over the accounts payable and payroll functions.

**8. Recommendation**

The District should consider strengthening its internal control by improving segregation of duties. Internal controls over accounts payable and payroll are most effective when there is a clear separation of duties between functions.

**9. Management's response**<sup>13</sup>

See Corrective Action Plan.

For example, findings identified and reported in the audit of fiscal year 2003 would be assigned a reference number of 02-01, 02-02, etc.

<sup>12</sup> Provide sufficient information for judging the prevalence and consequences of the finding, such as relation to universe of costs and/or number of items examined and quantification of audit findings in dollars.

<sup>13</sup> See paragraphs 5.18 through 5.20 and 7.38 through 7.42 of Government Auditing Standards for additional guidance on reporting management's response.

 Year originally reported? 2008

**3. Criteria or specific requirement**

The District is lacking controls in areas of the IT environment including change management, logical access, and IT operations.

**4. Condition**

The District does not maintain a sufficient internal control system which should include controls over the District's information technology.

**5. Context**<sup>12</sup>

The District did not have adequate documentation of the periodic review of user access rights, monitoring of third party access to the District's system, or appropriate password requirements for financial systems.

**6. Effect**

These controls would provide the appropriate security for the District's financial information to prevent unauthorized access or data loss.

**7. Cause**

This was caused by a lack of certain internal controls over the District's information technology.

**8. Recommendation**

We recommend that management consider the internal control policies and procedures for areas relating to information technology.

**9. Management's response**<sup>13</sup>

See Corrective Action Plan.

<sup>11</sup> A suggested format for assigning reference numbers is to use the last two digits of the fiscal year being audited followed by a numeric sequence of findings. For example, findings identified and reported in the audit of fiscal year 2003 would be assigned a reference number of 02-01, 02-02, etc.

 Year originally reported?      2010

**3. Criteria or specific requirement**

The District must have functioning internal controls over external financial reporting.

**4. Condition**

The District does not have functioning internal controls over external financial reporting for capital assets.

**5. Context**<sup>12</sup>

It was determined that the District does not submit a complete list of capital asset additions to the appraisal company each year. Therefore, the cost and accumulated depreciation of capital assets in the District's appraisal records do not agree to the amounts reported in the financial statements.

**6. Effect**

Management may not be able to detect material errors and omissions to its external reports.

**7. Cause**

This finding was caused by a lack of internal controls over the external financial reporting process. The District does not review all of its capital outlay accounts prior to submitting capital asset additions to the appraisal company to ensure the list of additions is complete.

**8. Recommendation**

We recommend that management develop internal controls over the reporting of capital assets. This would include an annual review of all capital outlay accounts prior to the submission of updated appraisal reports for completeness of additions and a review of existing appraisal records to determine if any assets have been disposed of or sold.

**9. Management's response**<sup>13</sup>

See Corrective Action Plan.

Finding No.: 11-01

Condition:

The District maintains its accounting records on the cash basis of accounting. The District relies upon the auditor to convert the cash basis records to the accrual GAAP basis for external financial reporting, prepare the financial statements and related footnotes, and prepare the Schedule of Expenditures of Federal Awards.

Plan:

The District currently does not have an employee to manage this function. The District maintains that it is too costly to hire on a staff member to make the necessary adjustments to the financial statements to be in accordance with GAAP. Therefore, the District will continue to rely on the audit firm to make these changes. The District will look into the availability of training with regard to the reporting of the Schedule of Federal Expenditures.

Condition:

The District did not have adequate segregation of duties of incompatible functions, specifically in the accounts payable and payroll functions.

Plan:

The Business Manager and Assistant Business Manager will review the day-to-day operations of the accounts payable and payroll positions to identify possible segregations. Once identified, a plan will be reviewed to find the most cost-effective way to implement these segregations.

The District does not maintain a sufficient internal control system which should include controls over the District's information technology.

Plan:

The Business Manager will work with the Director of Technology to review the current internal controls policies and procedures with regard to Information Technology. Finding No.: 11-04

Condition:

The District does not have functioning internal controls over external financial reporting for capital assets.

Plan:

The District is planning on updating its list of capital assets by contracting with an appraisal company to perform a full valuation update. This will include all District owned buildings, site improvements, fixed and movable equipment. Once completed this will give the District a baseline for which it can implement better procedures for its capital asset accounting control.
