

2009-2010 Bass Fishing Club Outing Calendar

Tentative Scheduling: Since we are a club we do not take precedence over athletics in scheduling of the mini-bus. Please continually check your email throughout the course of the school year for announcements, change of scheduling, meetings, or any other communication as this is our primary means of communication.

Bus Departure: We have scheduled the mini-bus which has its advantages and disadvantages. The advantage is that we have the freedom to come and go as we please (since I can drive this bus). We will not have to wait for the bus company, if weather becomes an issue or if the fishing is bad we can leave immediately. The disadvantage is that it is limited in the number of individuals we can accommodate (14 fisherman). The bus will leave promptly at the scheduled time. If you do not make the bus on time you are not allowed to drive to the location due to liability issues. The bus will meet in front of the Pool Entrance. On the school days that we depart you are expected to drop off your gear before school so it can be loaded into the bus before we leave.

Sign-Up: With many of you working and having various scheduling conflicts I do not anticipate the mini-bus limiting us very often. However every week on Monday/Tuesday we will have a sign up for the following week fishing outing(s) on my desk located in the East PE office. First come/first served. If for some reason you cannot make an outing that you signed up for it is your responsibility to contact me.
